Consulting Civil Engineers, Planners & Surveyors

COYOTE VALLEY SPECIFIC PLAN

COYOTE VALLEY, SAN JOSE, CA

The Coyote Valley Specific Plan (CVSP Website) was the largest Master Planning effort undertaken in California within the last decade. As part of the Consultant team responsible for envisioning this future

master-planned 3,800-acre town of 25,000 homes and 20 million square-feet of mixed-use/commercial development in San Jose, JET was responsible for coordinating all aspects of major infrastructure and Civil Engineering related master plan documents. Other responsibilities included participation on numerous Technical Advisory Committees, of memoranda Governmental preparation to agencies and private stakeholders, as well design of the following plan elements:

- 40-Mile Backbone Roadway Network
- 13-Mile Dedicated BRT Transit System
- Man-Made 55+ Acre Lake
- 4-Mile RestoredCreek
- 2-Mile "River Walk" Canal
- Potable/Recycled Water System
- 30-yr Initial Phasing Plan
- Riparian Mitigation Plan
